Testimonials

“ One of the major challenges facing South Australian Prison Health Service (SAPHS) is the ability to deliver medications to a complex diverse group in a difficult environment. SAPHS and HPS have worked together to develop systems which support best practice in medication management from prescribing to delivery. The introduction of the mediSACHe delivery system has had significant impact on our ability to deliver a better service to incarcerated adults in SA. ”

- Karen Harlin, Nursing Director, SA Prison Health Service

“ HPS Pharmacies is a great place to do business with. The people are courteous and prompt, and the drugs are price competitive with our current wholesalers. HPS Pharmacies provide efficient delivery, and have an extensive range of pharmaceutical resources on offer. If they don't have stock in, HPS Pharmacies will endeavour to deliver our order the next day. We have been caught short a couple of times, and with one call or email to the girls at HPS, they have been able to get what we needed that afternoon. In one case, one of the staff picked up an antibiotic from a hospital 20km away on her way to work. We would be happy to recommend HPS Pharmacies as a company to assist with your veterinary ordering needs. ”

- Brad Singleton, Brisbane Veterinary Specialist Centre
